Welcome to Meole Brace C of E Primary School and Nursery. Thank you for taking the time to visit our school website.

Meole Brace C of E Primary School and Nursery is a welcoming and friendly school that is situated on the southern outskirts of Shrewsbury.

Our school was built in 1955 as two separate schools, Meole Brace C of E Infant School and Nursery and Meole Brace Junior School. In September 2009 the two schools amalgamated to form Meole Brace C of E Primary School and Nursery. We are fortunate to have large spacious light classrooms, two large halls, two libraries and plenty of cloakroom space. We have created a bright and welcoming learning environment with well furnished classrooms and attractive quiet working areas in some of our corridor space. Classrooms are well equipped with a range of resources including interactive whiteboards and banks of laptops. The entire school and Nursery has access to wireless internet. Recently we have created a new Foundation Stage Unit which contains a 64 place Nursery and two Reception classes.

The Staff and governors are fully committed in ensuring that pupils feel happy, safe and well supported in our school. The curriculum we provide motivates all pupils and offers opportunities for personalised and contextualised learning. We believe that the involvement of parents and carers in their children's learning is of paramount importance and encourage their contribution to the life and work of the school.

If you are moving to the area and considering Meole Brace C of E Primary School and Nursery as a school for your child, we would be delighted to show you around. Please see the contacts page for details of how to get in touch.

We hope that you enjoy this website and find it both informative and useful.
