

**Meole Brace C of E Primary School and Nursery**

**Our vision for Physical Education**

<p><b>COMMUNITY</b></p> 	<p>Physical Education at Meole Brace Primary School provides our pupils with numerous opportunities for them to develop our core values of perseverance, respect and community.</p> <p>Enjoyment and teamwork play an integral part in our physical education lessons. Within all lessons, children will be individually challenged, promoting a self-awareness that aims to improve their performance. This <i>perseverance</i> will remain with them long after they leave school and become a life skill that leads to success. Our curriculum is inclusive and active, ensuring pupils of all abilities can access the lessons. Children learn that <i>respect</i> plays an important part of team games and individual achievement.</p>
<p><b>RESPECT</b></p> 	<p>Teamwork skills will be developed throughout the school community and beyond because we believe it is vital that children enjoy physical education and develop a love that will link into the wider <i>community</i> and clubs once they leave us.</p> <p>Using sports leaders, inter house competitions will provide every child with the opportunity to compete against their peers. We will also use specialist coaching to prepare for inter school competitions and provide the children with a wide range of after school clubs.</p>
<p><b>PERSEVERANCE</b></p> 	<p>We aim to use the School Games calendar in order to plan our physical education lessons and this also gives our children a greater chance of success in the wider <i>community</i>. During these competitions our pupils will demonstrate how our core values have been embedded – respecting their opponent, linking together for county teams (wider community) and persevering with key physical skills in order to give their best.</p>
